Chapter 333. STREETS AND SIDEWALKS

Article VII. Roll-off Dumpsters and Roll-off Containers

§ 333-64. Roll-off dumpsters and roll-off containers on public streets and rights-of-way.

No person shall park or leave unattended any waste or refuse container, commonly known as a roll-off dumpster or roll-off container, on the public streets and rights-of-way of the Township, except that a person may request a permit to park or leave unattended a roll-off dumpster or roll-off container on a public street or right-of-way when a hardship can be demonstrated.

§ 333-65. Permit required.

- A. Any person requesting a permit to park or leave unattended any roll-off dumpsters or roll-off containers on the public streets and rights-of-way of the Township shall submit a written request on the proscribed form to the Township Clerk at least 30 days in advance. The request shall include a drawing of the proposed location that the roll-off dumpster or roll-off container will be placed, its dimensions and the width of the street.
- B. Upon receipt of a written request, the Township Clerk shall forward it to the Chief of Police. The Chief of Police or his designee shall investigate the request and make recommendations as necessary to the Township Clerk.
- C. If approved, permission to place a roll-off dumpster or roll-off container on the public streets and rights-of-way of the Township shall be for no more than 30 days, but may be renewed by the Township Clerk for one additional thirty-day period upon application therefor. The fee for said permit shall be \$50 for each thirty-day period.

§ 333-66. Reflective markers required.

To warn the operators of vehicles of the presence of a traffic hazard requiring the exercise of unusual care, any roll-off dumpsters or roll-off container parked on or along any public street or right-of-way shall be equipped with and display markers consisting of all-yellow reflective diamond-shaped panels having a minimum size of 18 inches by 18 inches. These panels shall be mounted at the edge of the dumpster or container at both ends nearest the path of passing vehicles and facing the direction of oncoming traffic. These markers shall have a minimum mounting height of three feet from the bottom of the panels to the surface of the roadway.

§ 333-67. Enforcement.

All members of the Township Police Department, the Township Department of Public Works and the Zoning Inspector are authorized to file complaints for violations of this article.

§ 333-68. Violations and penalties.

Any person, firm or corporation who shall violate any provision of this article shall, upon conviction thereof, be subject to the penalties as provided in Chapter 1, Article II, General Penalty, at the discretion of the court. Every day that a violation continues after due notice has been served, in accordance with the terms and provisions hereof, shall be deemed a separate offense.
