The Fair Labor Standards Act (FLSA) is a federal law requiring that overtime pay must be paid for all hours over 40 hours in a work week except for those employees classified as exempt and thus not entitled to overtime. Management employees such as elected officials, managers/administrators, municipal clerks, CFOs, public works superintendents, police chiefs and other department heads are typically classified as having exempt status and thus not entitled to overtime pay. Other municipal employees may also be classified as exempt under the FLSA (please consult labor counsel for detailed guidance). Exempt status also precludes overtime pay for time worked during emergencies, attendance at night meetings and participation in training sessions. Compensated leave time in lieu of cash payments is considered a form of overtime pay unless such leave is utilized in the same pay period. Does your municipality not pay overtime to employees classified as exempt under the FLSA?

If your municipality has a combined sewer overflow (CSO) system, has the conversion to a non-CSO overflow system been incorporated into your municipality's capital improvement program? If your municipality does not have a CSO system, is it undertaking affirmative measures to reduce stormwater runoff? Non-CSO municipalities answering Yes should explain these measures in the Comment Box.

[0.50] Yes Comment: Stormwater measures which we have taken since 2011 include: 1) through a grant to the township and NJ Water Supply Authority, we have recently renovated four detention basins to standards currently recommended by **Rutgers Water** Resources Program, to further slow runoff and increase infiltration; 2) through a Sustainable Jersey grant, we are carrying out a Green Infrastructure Feasibility Study to determine where best to install green infrastructure. This follows up a 2015 **Impervious Cover** Assessment Study and Impervious **Cover Reduction** Action Plan. The present study will provide site drawings, cost estimates, and calculations for reduction of pollution loads, runoff volume, and recharge rates for

some sites. It is expected that remaining funds from this grant will pay for carrying out one of these projects by township Public Works. 3) Stormwater maintenance and inspection program for all private detention basins 4) Installation of raingardens as part of Township improvement projects 5) Stormwater ordinance update in 2011 creating minor development (1,000 sq ft to 0.25 acre) requirement for onsite runoff reduction requirement. Increased infiltration. This requirement is over and above the NJDEP BMP stormwater regulations. Regulations are required to be incorporated into all development applications.
