

ENVIRONMENTAL COMMISSION SAHAROSE ZBA 20-00026

Applicant proposes to park 15 School buses on property not zoned for that purpose.

Environmental Commission asks that the applicant post “ No idling” signs, as required by NJDEP, be posted around the area proposed for parking of the buses.

As a further requirement The Environmental Commission suggests that if the Zoning Board accepts this application, it should require that maintenance of the buses be prohibited on the site.
