

PUBLIC NOTICE  
Franklin Township

Dear Customers:

We are sending this public notice to you because one of our bulk water suppliers, New Brunswick Water Department, violated certain rules set by the Department of Environmental Protection (NJDEP). Franklin Township purchases approximately 1.5 Million Gallons per day of treated water from New Brunswick Water Department to meet our water needs. The public notice from New Brunswick Water Department is attached below for your information.

Together with NJDEP, Franklin Township set high standards to monitor the safety of our drinking water. Franklin Township Water Department routinely monitor for contaminants in your drinking water under the Federal and State laws. We will continue our effort to provide you with safe and adequate water service.

Sincerely,  
Hongdar Chi  
Licensed Operator  
Franklin Township
